

TROVA I 3 NUMERI LA CUI SOMMA E' 30

A large teal-colored shape is the central focus. At the top, a pair of black-rimmed glasses is shown. To the right of the glasses is a pink speech bubble containing a white question mark. Below the glasses, a math problem is presented using dashed lines: two circles connected by a plus sign, followed by another plus sign and a third circle, followed by an equals sign and the number 30. Below this problem are seven circular buttons, each containing a number. The numbers are arranged in two rows: the top row contains 1, 3, 5, and 6; the bottom row contains 9, 11, 13, and 15. Each button has a white center and a pink border.
